

Univox® Loop Pad

Features

- Loop pad for connection to a loop driver
- Thin, but durable grey fabric
- Loop area: 350 x 350 mm
- Input: 2-pole DIN
- Connection cable: 10 m
- Pad size: 400 x 400 x 5 mm

Flexible hearing loop

Univox® Loop Pad can be used wherever you need a delimited hearing loop in a room. The loop - 10 serial connected cables - is enclosed inside a case of grey, durable fabric.

The product is used with CTC systems for counters, desks and cashiers. The pad is mounted with double-sided adhesive tape or staple gun. The connection cable can be cut to preferred length and connected to the terminal.

For domestic use it can be connected to a TV, radio or other audio devices. The pad is placed in a sofa or chair.
