

Univox® DLS-3 TV

Loop driver set with digital sound synchronisation for LCD/plasma TV

Features

- Hearing loop driver for TV or other media source
- Optical input for Toslink/coaxial cable
- Volume thumbwheel (digits for easy setting of right level) and tone control
- Automatic gain control (dual action AGC)
- 2 inputs for microphone/stereo/computer etc.
- LED's for indication of mains power connection and loop current
- Digital synchronization of the sound to eliminate echo/delay problems with LCD/plasma TV's (TV Sync)
- Works with loop pad, sofa or room loop cable, neck loop and loop mat.
- Complies with field strength standard IEC 60118-4

Compact hearing loop driver with digital input

Univox® DLS-3TV is a complete assistive listening device for hearing aid users watching TV. DLS-3TV is developed for LCD/plasma screens which often have echo or delay problems together with induction loop systems. With a built-in control (TV Sync) the TV sound is synchronized correctly.

An optical Toslink cable is included. You can also use a coaxial cable in the optical input.

If you want to connect a radio, stereo or microphone to the loop amplifier, use one of the two 3.5 mm inputs. These inputs make it possible to connect up to three different signal sources to DLS-3TV at the same time.

Place the loop pad in your favourite chair and tune your hearing aid into T-position. For coverage of a larger area a sofa loop (accessory) can be connected to the amplifier instead of the loop pad. Thanks to the built-in gain control (dual action AGC) DLS-3TV delivers a very smooth and pure sound.

Univox® DLS-3TV

Product overview

Part No	Description
203003	Univox® DLS-3TV loop amplifier with TV Sync, 2-35 ms) for LCD/plasma TV, optical input, two microphone/line inputs, power supply and loop pad
	Size: 145 x 60 x 30 mm (W x D x H)
	Weight: 160 g excl. power supply
	Loop pad
	Size: 400 x 400 x 5mm (W x D x H)
	Cable: 10 m
203003S	Same specification as part no 203003 but with sofa loop. Sofa loop 8 m + 10 m extension cable

Version for use in the UK is available.

Accessories

Part No	Description
283002	Univox Loop pad
283101	Univox neck loop NL-90, 3.5 mm plug on 55 cm cable, black
283102	Extension cable for Univox neck loop #283101, 10 m
283220	Sofa loop incl. extension cable, 8+10 m
242401	13A, electret microphone with Velcro adhesive, cable 1.8 m
581050	Electret tie-clip microphone with clip, cable 1.5 m
281004	Audio cable 3,5 mm male to 3,5 female, stereo 6 m
281015	Audio cable for connection to stereo, 3.5mm to 2xRCA, cable 1.5m
