

# Univox<sup>®</sup> **GoTALK**

## GTA-CU4

### Features

- Wall charger with 4 USB Type-A ports for charging GoTalk transceivers
- Universal plugs for EU, UK, US and AUS outlets for versatile use
- Standard IEC C7 power input for extending range and flexibility
- Comes with 4 USB cables Type-A to Type-C for convenient charging
- Small size for easy carrying and transport

### Universal wall charger

An affordable charging solution for smaller GoTalk systems, the GTA-CU4 is a wall charger with 4 USB Type-A ports. It's universal and includes plugs for EU, UK, US, and AUS outlets. The power input is a standard IEC C7 type connector, allowing for the use of a plug or a cord. The GTA-CU4 also comes with 4 USB Type-A to Type-C cables to charge your GoTalk transceivers.
